

K-Love is very important to the El Paso community. K-Love provides family friendly Christian entertainment at a time when most music is obscene, negative or immoral. I personally listen to K-Love exclusively and would be very disappointed if it were removed. I enjoy the fact that I can go nationwide and be assured that there will be at least 1 station I can listen to. K-Love provides a message of hope when the world seems to be falling apart. Please leave K-Love and other stations in this situation alone. Thank-you
